

Reyna

Date of Birth: 11-19-00

Reyna is a caring and sweet young lady, who is looking for a forever family where she can form a lasting bond and connection with a caregiver. Reyna's interests are typical of a teenage girl. She enjoys music, shopping, fashion, and creating arts and crafts. Reyna has a sense of humor and is very friendly and talkative. Reyna is not currently participating in any extra-curricular activities but has expressed an interest in learning to play the piano.

Reyna attends public school and has an IEP to help meet her educational needs. Reyna has experienced significant abuse in her life, which she addresses through individual and group therapy services. A family who may be interested in having Reyna in their home would be asked to participate in these services as well. Additionally, Reyna requires close supervision to ensure she maintains appropriate boundaries with her interactions online and with peers. Despite her past traumas, Reyna maintains an overall positive outlook on life and is a joy to be around.

If you are interested in providing a permanent home for Reyna, please contact the Lake County Department of Job and Family Services, Foster Care and Adoption Hotline at (440) 350-4218.
